October 8th 6:00 PM
At the flying field.

Meeting Minutes

The meeting was called to order by Will Lavery at 6:00 with fourteen members, one guest – Pierre Matthens, and five officers in attendance. See the attached attendance sheet.

The July meeting minutes were approved and no one proposed that they be read.

Treasury Report: Dave Moore gave the following summary of the treasury.

Income Total: \$100.26

Expenses Total: \$468.52

Cash on Hand: \$137.75

Checking Account: \$10,844.72

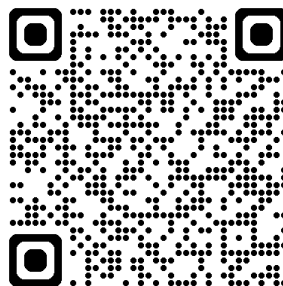

Total: \$10,982.47

The Treasury Report was approved.

Training & Safety Report: Steve Spielbusch reported that we continue to see new students. The weather is hot. No safety issues were reported. Steve installed a new windsock. Steve wants to thank all trainers and members that help with the student training.

The Training & Safety report was approved.

Field Maintenance: John Baker reports that the grass continues to grow this late in the season due to the amount of rain. A third slot to help with mowing and trimming has been added to the schedule. John states that we are still seeking volunteers to add to the three people who are cutting now. Use the link below to sign up.

The Field Maintenance Report was approved.

Old Business

No old business was brought up. Josh Maurer mentioned that the KCRC Barnstormers are hosting **KCRC National Model Aviation Day on Saturday, August 22nd, 2026. 3655 NE Rennau Dr, Lee's Summit, MO 64064.**

New Business

Dave Moore is ordering new metal signs to replace the old worn-out wooden ones. They should be delivered in about two weeks. Dave also proposed that we either remove or modify the park benches that sit to the west of the shed. Will Lavery reminded everyone that we have a contract with the park to operate at this field. Will is going to send everyone a copy for you to review.

Model of the Month

Alex Rillos submitted the only model of the month. Scratch built from plans from the TomBoy 3S 60" Old Timer Freeflight model. He scaled it up from a 36-inch wingspan to the 60-inch wingspan. The model was converted to RC on electric power. The motor is a Turnigy D3536/6 1250kv. The ESC is a Turnigy Plush 40 Amp. The battery is a 3S 2000 mAh. Alex was the winner of the model of the month.

The meeting was adjourned at 6:24 PM.
